

## Roll It Lining

### Lining a pie dish with Roll It Pastry

#### You Will Need

1 375g pack of *Roll It* Shortcrust Pastry  
A Pie Dish

Lift up the rolled pastry on the rolling pin, wrapping it around loosely if necessary, then hold it over the centre of the pie dish and unroll it into the dish. Lightly press it in to the corners with your fingertips, making sure you don't stretch the pastry

If you are using a dish without a rim, such as a flan tin, just run the rolling pin lightly over the top to cut off the excess
